

# PTI Corporate Overview

*PLASTIC TECHNOLOGIES, INC.*

# Who is Plastic Technologies, Inc.?

Plastic Technologies, Inc. (PTI) is recognized worldwide as the leading independent source for preform and package design, package development, rapid prototyping, pre-production prototyping and material evaluation engineering.

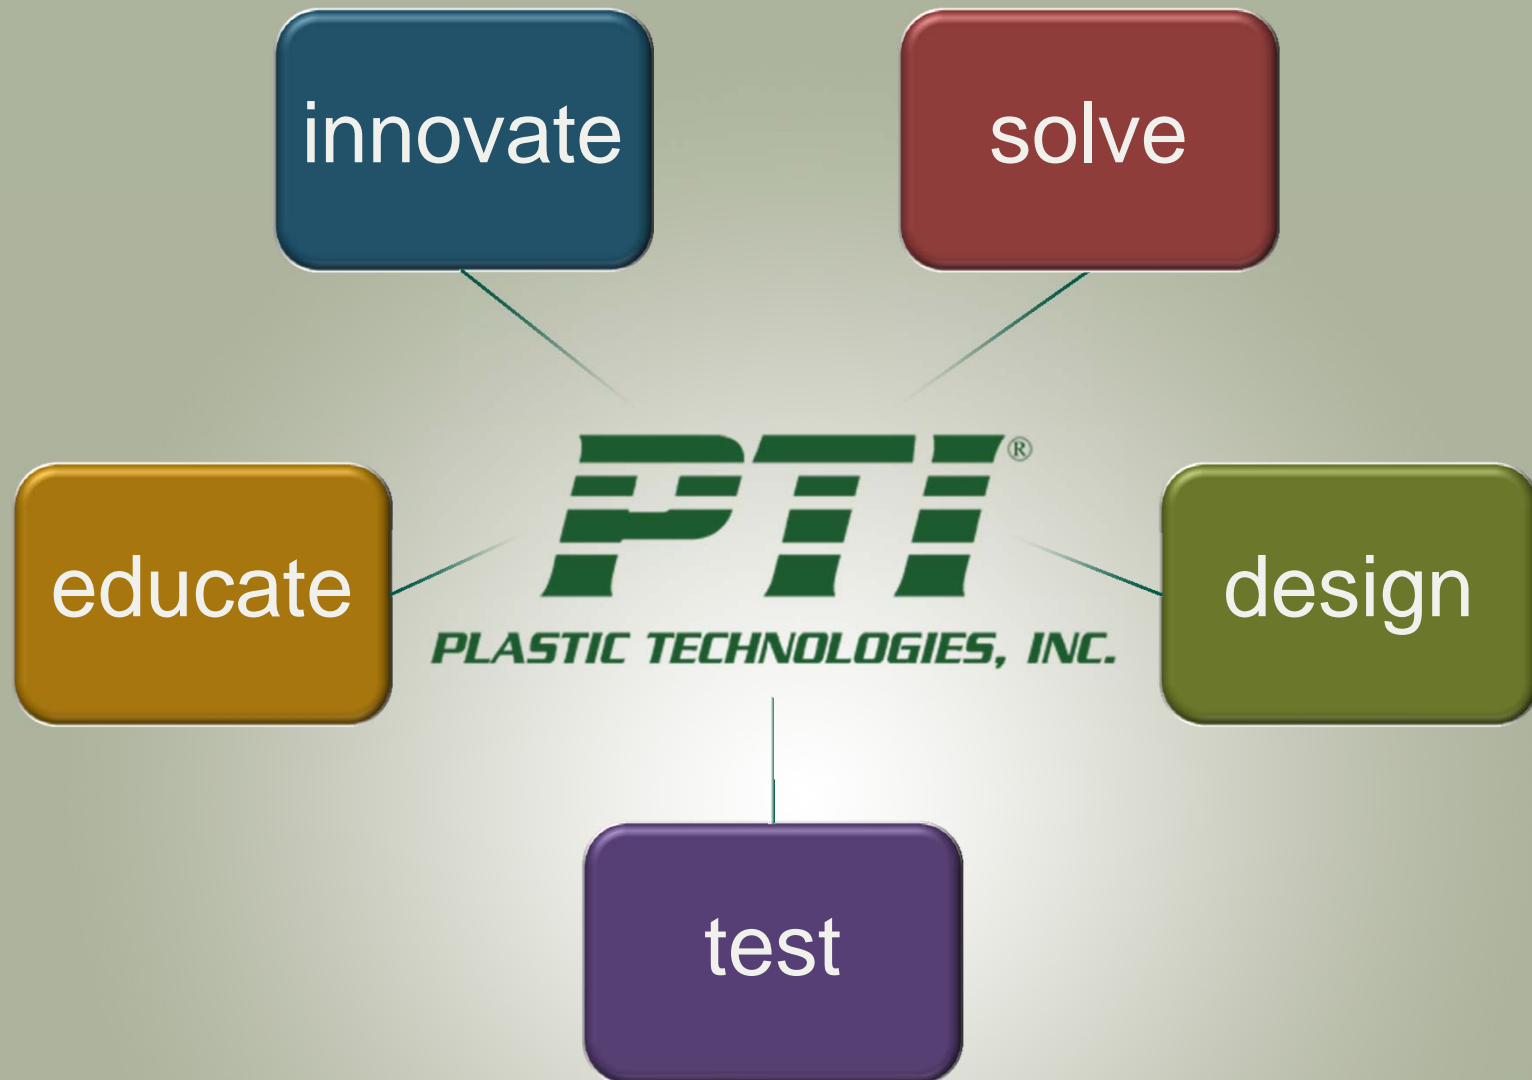

# Who is Plastic Technologies, Inc.?

- 100+ corporation/brand owner customers
- 100+ U.S. and international patents
- 25+ years experience
- North American and European facilities
- Broad functional coverage
  - 125 engineers, scientists, packaging professionals

# Core competencies

# Innovate

## Proprietary containers:

- oPTI®
- Deep Grip™
- Smiler

## Instruments/licensing:

- PETWall®
- LMS™
- OxyTraQ®
- TorqTraQ®
- Leak Monitor

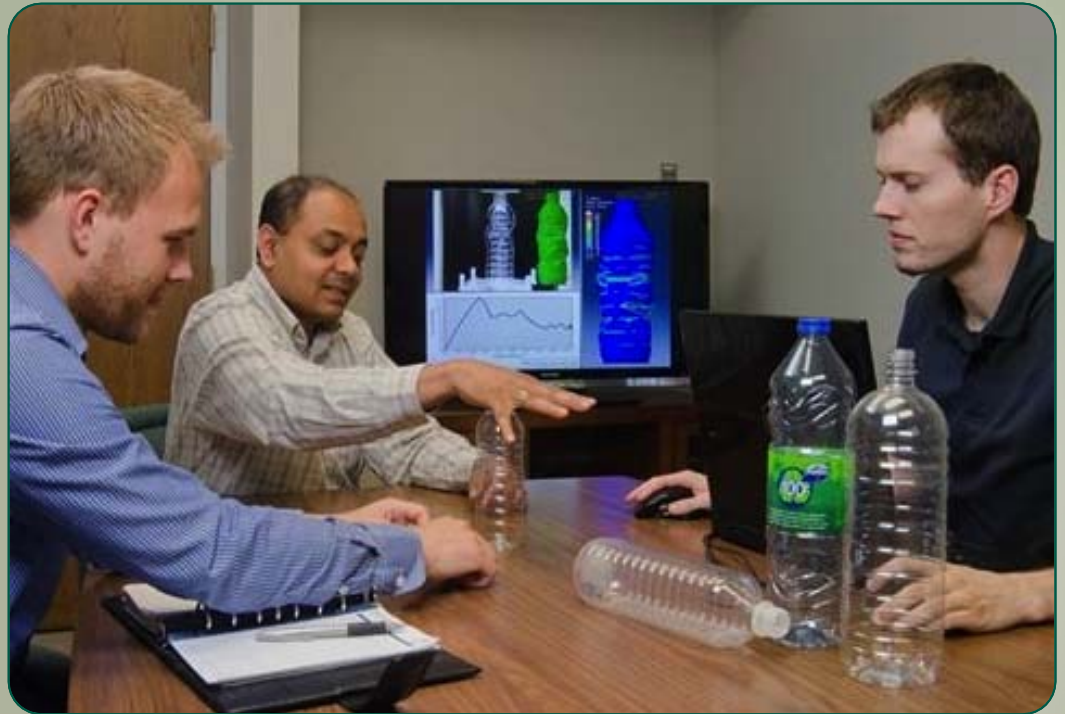

# Solve

- PTI creates intellectual property to help brand owners succeed.
- Steers the packaging journey from Concept to Commercialization™
- Recycle stream impact studies (PET bottles, thermoforms)
- Niche manufacturing (injection molded preforms; extrusion or reheat stretch blow molded bottles)

# Design

- Creativity
- Performance simulation
- Modeling
- Material evaluation
- Virtual and actual prototypes
- Unit cavity injection molding
- Film, sheet thermoforming

test

# Global Testing & Analytical Services

- Packaging
- Materials
- Closures
- Recycling studies
- Package, product integrity

educate

# Educate

- The Packaging Conference
- FastTrack training program
- PTI global training

## Fuel your brain

**SPE FastTrack  
training program**
